CAREER OBJECTIVE

Goal-driven and ambitious individual that is seeking a career opportunity in software development. I am looking to push my boundaries and expand my knowledge while putting my motivation and drive to work.

WORK EXPERIENCE

LISAM SYSTEMS, Bryan, TX
Product Analyst, July 2020 - Present
- Work with export, transportation, and loading of client data, using Python and Excel primarily.
- Work with the company's software ExEss, which is built with C#. Tasks include building custom fields in C#, as well as developing logic for those fields.
- Developed an extraction program that is used by the company to obtain client data from their PDF Safety Data Sheets, using Python (Including Regular Expressions and Pandas Dataframes).

MEAL PREP SOLUTIONS LLC, College Station, TX
Owner, September 2019 - Present
- Own, operate, and manage a meal preparation company that serves the Bryan/College Station area.
- Coordinate and direct all accounting, marketing, cooking, and networking for the growth and development of the company.

CROSSFIT AGGIELAND, College Station, TX
Director of Programs/Head of Personal Training, January 2017 - Present
- Coordinate all gym events and coaches training and development, as well as focus on new client acquisition and retention.
- Direct the gym towards further growth by implementing new ideas, seminars, and strategies to maximize the members' experience and continue to improve as a company.
